OLD SPANISH TRAIL TO BE REGRAVELED TO CARRY BURDEN HEAVY TRAFFIC

Highway Commissioner Goode Montgomery Gives Statement of Work To Be Begun At Once—Commissioner Realizes Importance of Highway.

That portion of the Old Spanish Trail extending from Bay St. Louis to the Mississippi-Louisiana state line, a roadway maintained by the state highway department, is to be regaveled with a mixture of wash gravel and clay gravel over the present road surface of wash gravel, Goode Montgomery, member of the state highway commission, announced last week. Heavier power machinery, including two heavy machines will be delegated for use on this road work, the first of which has begun, it is understood, near the state line, and which will work eastward along the highway.

The heavy tractor and grader which will be used in this road work will be suited to do the heavier maintenance work which the tremendous quantity of traffic over this road demands.

Mr. Montgomery stated that he and the highway commission and highway department fully realized that the gravelled roadway was not sufficient to care for the traffic which passes over it on the Old Spanish Trail, and recognized the fact that a hard surfaced highway was much needed, but under the present allotment for roadways it was impossible to accomplish this hard surfaced roadway just now.

"The highway commission realizes the importance of this thoroughfare to the Mississippi Coast and Mississippi and every effort is to be exerted to maintain it in the best possible condition," Mr. Montgomery said.

BAY CITY ARTISTS BROADCAST FROM WGMC, AT GULFPORT

Members of Schubert Music Club Render High-Class and Varied Program

The Schubert Music Club of Bay St. Louis presented a pleasing program over the radio, going on the air Friday night of last week at station WGMC, the Gulf Coast Music Company's station at Gulfport. This club has extended the invitation to which the Bay musicians accepted and in their acceptance gave much pleasure to many who "listened in." The Bay party motored to Gulfport for the evening.

Solos and choruses were presented. Mrs. H. C. Glover gave as a solo, "The Song of the Soul." Mrs. H. C. Canty sang "Summer." Mrs. Orie M. Pollard sang as her first number, "Morning," and as her second number, "Morning." Miss Evelyn Lacoste sang, "The World Is Waiting for the Sunrise."

The choruses sung by the club members included: "Dawn of Spring," "Mighty Lak' A Rose," and "The Bells of St. Mary's."

Mrs. Winfield Partridge, club accompanist, played the accompaniments for solos and choruses.

TO INCREASE COUNTY ASSESSMENTS TEN PER CENT OVER ALL

Board of Supervisors To Make It County-Wide—To Be In Session 3 Weeks.

The Hancock County Board of Supervisors in session this week has been engaged in the regular monthly allowances and is working on the assessments of real and personal property in the county. Last year the total assessment of the county including real, personal and railroad properties was \$6,783,000, and this year the total assessments will be increased in the whole county 10 per cent, it was said. It has not been determined as yet just where this increase will be placed other than that it will be a county-wide increase, it was said.

The board will probably be in session for two or three weeks engaged in working out the assessments.

4TH JULY PICNIC AT LEE TOWN

Prominent Speakers From Bay St. Louis and Elsewhere Feature Program

The community organization of the Lee Town neighborhood gave a huge all-day picnic at the Lee Town school July 4, which was attended by the greater number of the people of the section with many from other sections being present to participate in the fun of the day.

The party began about 9 o'clock and was still going at 10 o'clock. The parking and automobile committee including Rawls Lee and Otto Rester were kept busy placing motor vehicles.

From 10 to 10:15 o'clock the club girls and club women contested in yells and songs, led by Mrs. L. Lee, Gracie Lee and Beadie Lee. From 10:15 to 12:00 o'clock a number of speakers occupied the platform, no one speaking longer than 20 minutes. Bryan Russell, county representative acted as master of ceremonies. Speakers included D. J. Everett of Bay St. Louis, Hancock county superintendent of education; L. O. Crosby of Picayune, Judge Hall of Hattiesburg; Dr. D. M. Shipp of the Bay county health officer; C. Greer Moore of the Bay, secretary of the Chamber of Commerce.

From 12 to 1 o'clock the time was occupied with athletic contests with D. J. Everett in charge. The contests included standing broad jump; 100-yard dash; cripple man's race; fat man's race; running high jump; one-quarter-mile race; married woman's race.

The basket dinner was spread at 1 o'clock and for about an hour everyone was busily engaged in participation in this refreshment taking. Mrs. Luther Lee, Mrs. John Parker and Mrs. Otto Rester composed the committee in charge of the dinner arrangements.

From 2 to 3:30 o'clock other contests occupied the center of attention including cracker eating contest for boys from 9 to 20 years; smiling contest, girls from 9 to 20 years; cow calling contest for men and women; hog calling contest for men only.

A ball game of the boys vs. the men was spiritedly played.

Mrs. Gracie and Mrs. Luther Lee were in charge of the drinks for the day. Mrs. Lewis Lee and Mrs. Beadie Lee had charge of the coffee and cake.

"Lee Town Spirit" was represented by \$1, which stood for 100 per cent. This money was sealed in an envelope and held by one of the pioneers appointed by the committee. The individual who asked the holder of the envelope for this Lee Town Spirit at the psychological moment received the money. Throughout the day everyone on the grounds accosted everyone else with the question, "Have you the Lee Town Spirit?"

SUPREME COURT CALLS HALT ON FREIGHT TRAFFIC

Over Local Highways—Temporary Restraining Order Affects Gulf Motor Lines

The operation of freight hauling trucks of the Gulf Motor Freight Lines, Inc., over the roads, bridges and highways of Mississippi has been halted, at least temporarily, by restraining order from Supreme Court Justice Geo. H. Etheridge at the instance of the state attorney general, Rush H. Knox, and filed with the chancery clerk at Gulfport late Tuesday.

Charging that the Gulf Motor Freight Lines, Inc., a Louisiana concern, operating out of New Orleans as a common carrier of freight to Mississippi Coast points, was without authority from the State Railroad Commission, the attorney general secured the temporary restraining order until July 9 when the matter will be heard by Judge Chancellor V. A. Griffith at Gulfport.

In addition to the allegation that the company was violating Chapter 128 of the laws of 1926 requiring common carriers of passengers or freight to be received from the state railroad commission "a certificate of convenience and necessity" authorizing the service, it is also charged that the company has not executed the bond and indemnity as provided for in the act.

In addition to the temporary restraining order until such time as the proper permit has been obtained, the attorney general seeks to permanently enjoin them from operating any trucks of more than six tons carrying capacity as provided for in Chapter 120 of the laws of 1926 and charges the Gulf Motor Freight Lines, Inc., with also violating this statute.

Numerous protests from various business men regarding the operation of these trucks and the action of the state attorney general will meet with wide spread satisfaction.

NOISE OPERATED ON

Miss Elsie Day returned Friday from the King's Daughters' Hospital, Gulfport, where she underwent an operation two weeks ago upon her nose, which had been broken some weeks ago when she fell and which had to be rebroken and straightened. She has recovered from the operation which was highly successful.

MAUFFRAY NEW HEAD BAY ROTARY

With C. C. McDonald Vice President Take Office—Event Marks the Fourth

Installation of recently elected officers and observing the Fourth marked the regular Wednesday luncheon this week of the Bay St. Louis Rotary Club. The occasion was one of interest and by no means one soon to be forgotten.

Retiring president Jas. A. Evans presided until that time when he turned over the gavel to Jos. O. Mauffray, recently elected president. In retiring President Evans said in a few but well chosen words, how he

Statistics compiled from the records taken at the recent physical examination of children under the auspices of the Parent-Teachers Association in the summer round-up of the children from the ages of two to six years, as arranged by Mrs. C. C. McDonald, president, and conducted by Dr. C. M. Shipp, county health officer, show that a total of 115 children were examined in which 29 received health buttons for no physical defects.

Those receiving health buttons follow: Marie Violet Arceneaux, Menou Arceneaux, Joyce Arnold, Essie Bayne, Dorothy Besancon, Lida May Bushler, Harold Bragg, Hattie Favre, Moly Lucy Fayard, Edith Griffith, Rose Jones, Helen Kergosien, Harold Kraney, Emma Mitchell, Lillie May Monti, Grace Lou Osoinach, Ruth Pegre, Cyril Piazzi, Anthony Piazzi, Frank Quintini, Claire Rohrbacher, Virgil Francis Saucier, Sophie Segalsky, Sterl Sharp, W. H. Staehle, Jr., Billie Staehle, Mary Delores Thomas, Iteba Wall, James Weidner.

Defects found in the children examined follow:

Defective tonsils and adenoids, 41; defective teeth, 15; circumcision needed, 13; enlarged cervical glands, 10; under weight, 10; defects in visual apparatus, 15; rickets, 3; heart disease, 2; auditory defects, 1; nasal defects, 1; skin eruption, 1; small goiter, 1; hernia, 1.

Other children examined were:

Marjorie Saucier, Shirley Saucier, Helen Arnold, Anna Smith, Emily Clair Murtagh, Evelyn Smith, Mary McDonald, Kittrell, Billy Olson, Gail Bourgeois, Louis Wright, Edwin Prevau, Adrienne Favre, Bennie Segalsky, Curtis Favre, Garland Simms, Forest Saucier, Jr., Harry Favre, Roy Favre, Harlan Wright, Mary Kathryn Shupe, Clara St. Angelo, Cecil Mesick, Lona May Jones, Lillie Olson, Bernice Grove, J. K. Benvenuti, Jas. J. Jones, Clifton Piazzi, Warren Grove, Albert Strong, Geraldine Fayard, Doris Arnold, A. G. Favre, Jr., Wm. Polillon, Annie Sue Ingram, Emile Piazzi, Osa Bragg, J. Gloria Grose, Lorraine Starita, Lawrence Starita, Doris Randolph, May Merle Baynes, Henry Osoinach, Jr., Cecil Osoinach, Marie Staehle, Albert Thomas, Philip St. Angelo, Rita Benigno, Catherine Mesick, Bernice Benvenuti, Alice Benvenuti, Peter Benvenuti, Louis Zinglering, Edna Zinglering, Milton Hart, Beryl Bourgeois, Frank Russo, David Perkins, Mirtis Jones, Vivian Polillon, Amelia Polillon, Donald Everett, Frances Segalsky, Alvan Luc, Rose May Luc, Boggie Randolph, Hubert Cowan, Katherine Luc, Josie Rita Olson, Dorothy Saucier, Bernice Smith, Andrew Murtagh, C. C. McDonald, Jr., David McDonald, Rose Mary Weidner, Joyce Becker, Mildred Egloff, Evelyn Strong, Marjorie Scafile, The Bayne, A. J. Monti, John Rohrbacher, Noelle Beason, James Kimball.

All parents are urged to have all defects corrected as soon as possible and a check will be made sometime in September to see what per cent of the children have had the necessary medical attention to make them 100 per cent.

The Hancock County Board of Supervisors in session this week authorized Miss Mayme O'Dom, county home demonstration agent, to use \$225, of the appropriation for fair work for additional prizes for community exhibits from this county at the Mississippi Coast Fair at Gulfport this fall.

This \$225 is to be divided as follows: first place, \$75; second, \$50; third, \$40; fourth, \$30; fifth, \$20. These prizes are to be awarded as additional bounties to whatever prizes are offered for the community exhibits from Hancock county which are adjudged in order of excellence by the fair judges. It is believed that the offering of these additional prizes through the home demonstration department as fair chairman for Hancock county, will be an additional incentive to the various communities to take good exhibits, worthy of Hancock county products, to the fair this fall.

Patrons of the A. & G. Theatre are enjoying news while it's news. This is in reference to the reels shown at the local movie house twice a week. The Paramount news reel is developed and made up in New Orleans and through some extraordinary arrangement it is possible to show the latest film of this kind without delay. A news reel is quite expensive unless it is several weeks old. This is a custom of the trade. But the A. & G. is especially fortunate in its arrangement and Bay St. Louis patrons are particularly lucky in this instance.

RAMON NAVARRO IS MAN OF MYSTERY IN HOLLYWOOD COLONY

Favorite Artist Who Plays at Local Theatre Sunday and Monday Is Interesting

What is Ramon Navarro like? To the public he is one of the most popular stars of the day, but to Hollywood he is still a mystery. This in spite of the fact that Ramon has been a citizen of the film colony for several years.

Navarro, who plays the whimsical young London lord in "A Certain Young Man," his new Metro-Goldwyn-Mayer vehicle showing Sunday and Monday at the A. & G. Theatre, is equally at home in lightstone vein or a romantic role like "Ben-Hur."

Personally he is boyish, with an enthusiasm tempered by a naive cynicism. Disillusionment has not made him a skeptic—only cautious.

He has many friends, but few that know him away from his work. He seldom attends film folks' gatherings.

His associates wonder what he does with his spare time and seem almost incredulous when told the truth. When he is not studying a new role he is taking a course in elocution or studying singing under Louis Gravenure.

He is a brilliant pianist, and for pastime he has a little marionette theatre in his home, where he stages his own plays.

In Navarro's new picture, which Hobart Henley directed, he plays a gay young Londoner whose flirtations are the talk of society until he meets the right girl and has a comical time of "reforming." Marcelene Day is the girl and Renee Adoree and Armand Myers her feminine rivals.

Bert Roach, Huntley Gordon, Ernie Woods, and others of note are in the cast.

ALL MAIN ROADS IN HANCOCK NOW OPEN TO GENERAL TRAFFIC

Bridges Not Yet Finished—Building Slowly But Well and for Permanence

All main trunk lines of Hancock county are open to traffic and all parts of the county can communicate with other parts of the county, J. C. deArmas, county engineer stated this week. All of the work on the various roads and bridges damaged by the high waters and heavy rains of several weeks ago has not been completed and will not be finished for some time, he said, the reason for the apparent slowness with which the bridge work is being done being attributed to the method pursued. "We are building permanently," Mr. deArmas said, "and the people, knowing this are awaiting the completion of the work with patience." All bridges will be planned and constructed for long time use, he said. Many of the country roads approaching these bridges will need to be widened and improved and this work is being done with the general repair, he said. All the uncompleted bridge and roads are on the less traveled highways and in that section of the county can reach main trunk lines no very great inconvenience is being worked upon the people of these communities which have bridges out, it was said.

When the "Know-Mississippi Better" train pulls out from Jackson this year and will travel the North, East, Middle West and far into Canada, Bay St. Louis and Waveland section will be well advertised, for there will be a double-page spread write-up and advertisement in the Mississippi Builder, publication of state-wide interest and development, and which will be distributed by the thousands at principal points along the route.

The write up is the product of the Bay St. Louis Chamber of Commerce, C. Greer Moore, secretary, also supplying cuts, and has the approval of the Executive Committee. Hancock County Board of Supervisors, through its special advertising fund, endorses and pays for the publicity.

Under the heading of "Hancock County and the Bay-Waveland Section on the Mississippi Gulf Coast," the story follows:

Bay St. Louis and Waveland, located just fifty-two miles outside of the City of New Orleans, which is not only the metropolis of the South today, but will rank among the leading cities of the world in the future. We enjoy the cheapest commutation rate in America and our railway service is unexcelled, also have the cheapest rate on dairy products, poultry and truck to be found anywhere.

These two little cities, where the sea and Bay of St. Louis meet, which but a short time ago were but mere hamlets and slumbering peacefully, have now awakened to a veritable bee-hive of activity, having completed ten miles of sea wall protection and given contract for the paving of the entire distance and when completed we will have one of the most beautiful drives along our entire stretch of water frontage that will be unexcelled for its beauty.

This beach drive is dotted with homes of commuters of the city of New Orleans, local business men, and summer homes of people from different sections of the land, in this community with a population of approximately 6,000 souls you will find contentment and happiness, churches of any religious belief that you may wish to follow and schools that are unexcelled, while the bathing in the Gulf is great and can be enjoyed through out most of the entire year. Our health-giving artesian water offers relief to many of the afflicted who come this way, and our education facilities can not be excelled by any community of its size.

There are some of the most beautiful inland water ways, such as the Jordan river, Bayou Beneshore, Bayou La Croix and others that are not only renowned for their beauty, but are teeming with fish of all kinds making this a fisherman's paradise, while on every hand you hear the call of quail and see squirrel and other game leaping from bow to bow and limb to limb of the beautiful trees, which overhang these streams. Our county, which is Hancock, adjoining the State of Louisiana, is a diamond in the rough and has depended principally heretofore on the lumber industry, but as the virgin forest are rapidly being depleted, we are gradually turning our attention to the development of agriculture, poultry, dairying and the growing of citrus fruits and pecans, all of which are naturally adaptable to our soil and climate.

BAY ROTARY CLUB SENDS CHILDREN TO STATE HEALTH CAMP

Thirty-One Underprivileged Children From Over State Will Enjoy Privilege

The two children, Algia and Ernest Netto, of Hancock county whose expenses the Bay Rotary Club is defraying to the summer health camp to be held at Sanatorium during the month of July, left the Bay Monday afternoon for Gulfport, accompanied by Dr. C. M. Shipp, county health officer, and went by train to the camp where they joined the party from other sections who attended the camp. Thirty-one underprivileged children will have the opportunity to gain health and strength at this open air camp under the direction of Mrs. Sue Stuart Brane, counselor. Entertainment in the way of games and story telling hours will be arranged for the children and the best possible physical care will be given them.

Motor to Mobile

Among those from the Bay who motored to Mobile for July 4, were the following: Misses Olga Dubuc, Alice Louise Nathan, Lucile Newlin, Willie Belle Fremaux, Lucile Bucorne and Messrs. L. Case, John King, Walter Thiel, Bob Von Ehrn and Laurent Kergosien.

PROHIBITION AND THE CAMPAIGN

Four years ago the most powerful single political machine in Madison Square Garden was the Anti-Saloon League.

Led by Wayne B. Wheeler that organization had set itself to defeat the nomination of a wet. As had been its custom for many years, it succeeded. It had the habit of winning and it ran true to form. Al Smith was defeated. The Anti-Saloon League had once more demonstrated its might.

The league was at the peak of its power in the democratic convention of 1924.

In the four years that have followed, the league has been steadily losing ground. It has tasted defeat on many fronts, including Ohio, the league's own home state. In the meantime the death of its knell and skillful leader, Wayne B. Wheeler, has occurred.

And now the man against whom the whole power of the league had so long been concentrated has been nominated.

Not least among the significant phases of the Houston convention was the proof it gave of how the mighty Anti-Saloon League has fallen. Though held in the heart of a dry section, with all things environmental working against a wet result, a wet has been named by the convention to head one of the two major parties.

Regardless of whether it should be the outstanding issue—and this newspaper believes the sum total of other questions, economic and international, more important to the future of the country—prohibition as a matter of fact will loom large between now and election time, and probably will become the key issue of the campaign.

Any doubt of that is dispelled by none other than Al Smith himself, who instantly upon receipt of his nomination sounds the modification battle cry.

"It is well known," he says, "that I believe there should be fundamental changes in the present provision for national prohibition. While I fully appreciate that these changes can only be made by the people themselves through their elected legislative representatives, I feel it to be the duty of the chosen leader of the people to point the way which, in his opinion, leads to a sane, sensible solution of a condition which I am convinced is entirely unsatisfactory to the great mass of our people."

It is important in this connection to get our thinking on straight as to the relationship of platforms and candidates in both parties on the prohibition question.

The platforms both "duck" prohibition. They hide behind the law enforcement. By so doing they leave up to the individual candidates the privilege during the campaign of taking any attitude they may desire on the modification question. Both Hoover and Smith are free and foot-loose in so far as prohibition is concerned. Their parties are both committed to law enforcement, but neither is committed against modification of the law that the enforcement planks refer to.

Herbert Hoover has said he considers prohibition a noble experiment.

Al Smith has declared the experiment a failure.

There lies the issue as between the two men.

Hoover's use of the word experiment is significant. An experiment is not a proven fact. There is nothing in the platform that would prevent Hoover at any time, if he so desired, from declaring that the experiment itself called for modification.

Though it would be deplorable in our opinion for the prohibition issue so to dominate as to exclude all other great issues of the campaign, nevertheless the fact remains that a very large number of voters will cast their ballots in November on the wet and dry issue alone.

Both Smith and Hoover, therefore, will do well as the campaign proceeds to be specific in their expressions on how the country may best solve the question that was fastened on this nation a decade ago by Wayne B. Wheeler and the "Anti-Saloon League."—Houston Press.

A STORY OF INTEREST AND MORAL

In the news columns of last week's Sea Coast Echo a story was carried to the effect of how a couple living in the suburbs of this city had met with success in the raising of poultry, from a humble beginning to a fair success and further told of the plans for the coming winter when it is expected to have a thousand chickens this winter for the spring trade. The story is not only one of appealing interest but its constructive side carries a moral that is obvious.

The demand for poultry is seemingly never met, and command prices well worthy of the effort to meet the want. It is apparent there is wide scope for this sort of pursuit, and there should be poultry yards dotting the country to say nothing of the suburbs and closer in places. Is it not worthy of a trial?

Mosquitoes are the insects that like the "shin" in fishing.

Some men argue with their wives; others tackle buzz saws and have it over without the talk.

It is about time for some soothsayer to come forward and let us know who will be the next president.

One of the most remarkable human phenomena is the way some voters get hot over a reelection.

ENDURING POPULARITY.

The Bay-Waveland section, embracing all that coastal territory south known as Clermont Harbor and Lake Shore, is alive with summer residents and visitors for the summer and from now on there will be an acceleration until the peak is reached during the middle and later part of August.

This is not only a just recognition of the attractions of this section of the Mississippi Gulf Coast, so close to New Orleans from where the majority hail, but an attestation of popularity which never wanes. Every summer attracts larger numbers and it might be well this section enjoys enduring name and fame.

Completion of major improvements cements prestige and gives scope for added growth. Thousands who come to this section annually do so for the bathing, gulf breezes, roadways and scenery, for it is here where the sea and forest seem to lure and conspire. One enjoys all comforts of summer in most delightful aspect. There are no torrid elements of discomfort. Here is a salubrious summer climate. Visitors to distant places complain while the days might be comfortably warm the nights are uncomfortably cool and the necessity of fire heat after dark is not infrequent. It is well a case of robbing or cheating one of the summer.

The Mississippi Gulf Coast is calling and thousands will answer in anxious anticipation and joyful realization.

BAY-WAVELAND YACHT CLUB REGATTA.

Saturday, July 14th, is the date selected for the Bay-Waveland annual regatta, and no event means more for this section.

We owe much to the Bay-Waveland Yacht club for its various activities and of these paramount is the annual regatta. Our business people and others ever ready to the call and when called upon gave their subscription without stint. This year will not be the exception. Secretary George J. Toca is collecting for the cause, as is well known the occasion is big and special funds aside from the club's regular income are necessary to defray the expenses.

Bay St. Louis and Waveland have long been recognized for the day when "white wings" from far and near assemble and spread their pinions over the waters of the Sound in speed and grace, attracting many who gaze in the spirit of good sportsmanship and general admiration.

It behooves one and all to make it possible there be concerted action and not only repeat the gain of laurels of other seasons but to seek more and greater triumphs and to garner every interest and success that may come by the exercise of good will, proper spirit and all that civic pride implies.

Your check mailed or handed to the secretary will go a far way of realizing these aims.

TIMELY AID TO THE RESCUE.

United effort by different civic bodies, city and county official boards, has borne results regarding regulating undue traffic over the Spanish Trail and streets of different Gulf Coast towns.

Boards of Supervisors of Hancock and Harrison counties, as well as councils of different Coast cities, went on record to this effect by adopting such rules as prescribed for the protection and conservation of roads and street that have cost well nigh a million dollars or more in the aggregate to build. Failure to comply will mean penalty in the extreme.

It is well this matter has been called to attention of various official boards by organized representation in various places and we must note with more than ordinary sense of satisfaction the desired ultimate attention has followed.

Our highways and streets are the pride of three counties; have cost taxpayers millions of dollars, including protection or retaining walls, and the burden of this cost is to continue for years. Then it is all the more imperative this work be protected.

There is no disposition to put any one individual or firms out of business, on the contrary, enterprise must be encouraged, but there are limitations and the line must be drawn at some time and at some place.

RESTORING CONFIDENCE AND ADDING VALUES.

Already, before completion of Waveland seawall and road-building, much building activity is noted along the shore line, and it is a safe bet there will be considerably more to follow before the year will have ended.

Comparatively, no place on the Gulf Coast is building at a more rapid rate than Clermont Harbor. Where are noted quite a number of new dwellings finished and others either in course of completion or process of construction.

It is understood extensive improvements are planned by property owners along the Waveland beach, and other improvements will follow in quick succession. Building of seawall and permanent restoration of the driveway creates a confidence like nothing else would be possible, and the glories of Waveland as a summer resort, some twenty or more years back, will not only be renewed but in manifold form.

Both Clermont Harbor and Waveland as summer resorts, frequented and already popularized, will enjoy added prestige and Bay St. Louis, as well as intermediate spaces, and including beautiful Lakeshore, on the south end, will benefit inestimably.

THE GARDEN OF THE RIVIERA.

The Sea Coast Echo, during the past several weeks, has taken occasion from time to time to call attention to various flower gardens that dot the city and beautify it like nothing else. These write-ups are for two-fold purpose, to "tell the world" and to show how possible and to what extent such beautification can be carried. And again, evidence is given to show the variety of flowering plants and shrubbery that grow in this section.

Our writer doing this work has given many of the growing plants their botanical appellation and it is surprising to note how wide a range the category carries. We are of the opinion, and it has been practically proven, anything will grow here, provided, however, like everything else, the proper care is given. With fertilization, protection and ample watering it is possible to cultivate any form of vegetation and to produce fully the most normal result. Our climate is generous and soil responsive.

Correct this sentence: "I was offered the nomination but for the good of the party I declined to run."

Now that the big conventions are over the public will lapse into a state of coma until the November elections.

The average woman doesn't know where the styles come from and she only vaguely imagines where they are going.

Europe, says an expert, is full of war causes. That may be true, but the continent is short of cannon fodder.

Schubert's Symphony

Stick to Your Job

BY ARTHUR BRISBANE.

(Copyright, 1927)

W. F. Knudsen, Chevrolet president, offers cheerful news on General Motors. In May his company turned out 140,700 Chevrolet cars. On one day, May 28, the product was 7,075 finished cars and trucks. May, 1928, is 25,000 cars ahead of May 1927.

That's good production, but high General Motors officials should bear in mind that the machinery of General Motors and Raskob, head of General Motors finance, work themselves as they wouldn't work any piece of machinery.

They take the night train from New York to Detroit, begin work there at 8 in the morning, work through the whole day, eating sandwiches at noon, still working, and take the night train back to New York.

No machine can stand that, and no duty to stockholders justifies it.

Dr. Walsh, of Fordham University, tells young men "The world is confronted with more mysteries than ever before. Science solves only a few problems."

Yes, indeed. Why does the hydrogen atom have a single proton in the center, and a single electron revolving around it, why does the helium atom, first discovered on the sun through the spectroscopic have four nuclei with two electrons revolving around them, and how does the formation of four grammes helium, from hydrogen, produce energy as great as though eighty tons of coal were burned? There are some mysteries for you.

"Everything is a mystery if you go far enough into it. And the greatest of all mysteries is thought, which has no protein or electron so far as we know and is driven by an energy that has no more practical name than "soul" or "mind."

A \$20,000 prize is offered for the best ending of Schubert's "Unfinished Symphony." It won't be worth \$20,000.

To finish Schubert's Symphony you would have to be Schubert. To restore her arms to the Venus of Milo, or to show how the winged Victory looked before she got into that fight you would require the brain and the feeling of the artist that made the statue. Every mind ever born is absolutely different from every other.

James A. Farrell, president of the United States Steel Corporation, will visit the plant of the New Haven Wire Company today. When he was sixteen years old he worked there twelve hours out of every twenty-four for \$4.65 a week. If you stick to your job, even that kind of a job, you can get somewhere.

In New York a young man brought into court by his father admitted that he had an income of \$400 a week, and employed his father as hostler to take care of his saddle horses. His excuse was that the father had not led a moral life. The Japanese religion, that includes twenty different kinds of hell, probably would find one especially prepared for him, that wouldn't include any saddle horses.

A visitor to the White House feeling important said to President Coolidge: "Mr. President, I must tell you I did not vote for you." "Well," replied the President, "some did."

The Metropolitan Life Insurance Company insured a man past fifty for \$1,500,000. A few generations ago when the second biggest city in France had no inhabitants over fifty years of age, such insuring would have been financially suicidal. Men live longer, intelligence counts. A wise man at fifty is a safer risk than a fool at twenty-five. And the Metropolitan has promoted longer living by intelligent health advertising.

Cecil N. Bean to Enter SERVICE AT NEW ORLEANS

Former Bay St. Louis ferryboat, Cecil N. Bean, reached New Orleans Tuesday and proceeded to Oak street and the production levee, where she will enter service. The Cecil N. Bean, says the New Orleans States, is the first of two ferries to arrive for the service to be established at Oak street landing to Nine-Mile point across the Mississippi. The new service, it was further stated, will either start today or tomorrow, according to a statement by Ernest W. Drackett, manager of the ferries. The "Bean" has not only been overhauled, but practically remodeled, and many of the inconveniences suffered locally have been removed. Capt. Drackett's success is anticipated.

THREE CHILDREN ESCAPE DROWNING

The three sons of Mrs. Robt. Eddy, of Pass Christian, missing in ages from 11 to 17 years, narrowly escaped drowning Wednesday morning about 10 o'clock as the 16-foot cat boat in which they were sailing overturned near the municipal pier, the heavy winds of a squall causing the boat to overturn, throwing the boys into the water. Elwood Abbey, in one of the Dunbar-Dukate boats went to their rescue bringing them into his boat.

miles is included in the delivery.The place formerly occupied by
Mr. Ladnier will be handled by Au-
drey Lang who recently passed the
civil service examination and who has
been recommended by the post-
master.

BAYOU DELISLE BRIDGE OPEN

The span bridge over Bayou De-
Lisle was opened to traffic Saturday
morning, after being closed for sev-
eral weeks undergoing repairs,
caused when the heavy rains washed
out several sections of the bridge.
While the bridge has been opened,
work is not yet quite completed, rails
on either side are yet to be erected.
The emergency work was done by
C. H. Thompson of Biloxi.The opening of this bridge furnishes
a direct route from Pass Christian
for motor traffic to Delisle and Pine
Hills Club, across the bridges at
Bayou Portage and Wolf river, over
hard surfaced roads. While the
bridge was closed, traffic has been
detoured through Cuevas and across
the Rouse bridge at Wolf river.

CONDEMNNS HEAVY TRUCKS

The Pass Christian Chamber of
Commerce at its meeting last week
passed resolutions condemning the
use of the main trunk lines of South
Mississippi and the Coast section by
heavy trucks bearing freight, and dis-
approving such freight trucks pass-
ing through the streets of Pass Chris-
tian. The organization instructed
Lieutenant Governor Bidwell Adam,
who is opposing this use of the paved
roadways, to use his influence before
the railroad commission to stop this
practice.

BUILDING AND REMODELING

The remodeling of a number of
beach residences and the erection of
several private homes have been the
cause for an increased amount of
building activity during the past sev-
eral weeks in Pass Christian.The home recently purchased by
G. W. Huey of New Orleans at Esby
avenue and the Beach Boulevard has
undergone a number of repairs and
improvements.G. W. Mitchell, who purchased the
Lillian Lewis apartments on the south
side of Beach Boulevard, near Davis
avenue, is having considerable work
done on the property. The house,
which was of frame construction, has
been remodeled with a stucco exte-
rior, and the inside plans have been
altered in the arrangement of the
rooms on the first floor. An orna-
mental brick fence has been placed
around the property.Mrs. Thornhill Broom, a winter
resident of Pass Christian, has re-
cently completed an attractive lodge
on Bayou Portage, near Henderson
avenue. The lodge which is two sto-
ry high, contains six rooms, arranged
for maximum comfort, with the
living quarters on the second floor.
The exterior is painted green with
white trim. Mrs. Broom has also
built a pier in front of the property,
with a rustic pavilion and boat house
at the end.Work has been completed on the
home of Mrs. Robert DePass of New
Orleans. Extensive repairs have
been made on this property, an entire
east wing being added to the house,
and the exterior has been repainted.
Private piers are still being built
for summer residents here. In the
past week a 200-foot wharf was
erected by Grey Castle Hotel Com-
pany, with a rustic pavilion at the
end. A pier also has been built by
Miss Belle Denis of New Orleans in
front of her summer home on East
Beach.

TO INVITE PRESS ASSOCIATION

The city council of Pass Christian
held its regular meeting Tuesday
night at the city hall with all mem-
bers present. Other than the regular
monthly allowances and routine busi-
ness two matters of interest were dis-
cussed.The city officials through Mayor
J. H. Spence will extend an invitation
to the Mississippi Press Association
while in convention in Gulfport next
week to spend Friday, July 13, as
guests of the city at the regatta and
view the schooner race which will be
a feature of that day. Should the
invitation be accepted it is planned
to have the delegates picked up in
Gulfport by the resort boat, St. Tam-
many, brought to the Pass and aboard
the boat view the regatta.The officials authorized an
appropriation to assist the Yacht Club
for the regatta. The officials sug-
gested that the Pass Chamber of
Commerce enter a schooner in the
regatta and authorized assistance in
conditioning such a boat.THE OASIS OF THE

The American Riviera! Land of
peace, rest, and plenty! Stretching
from Pensacola, Florida, on the
southeast, to Bay St. Louis, Mis-
sissippi, on the west, and bordering
Pensacola Bay, Mobile Bay, Grand
Bay, The Singing River of the Pas-
cagoulas, Mississippi Sound, Bay St.
Louis, and the Gulf of Mexico! Land
of alluvial shores, and beautifully
wooded slopes, of winding streams
and eye-enchanted waters! May you
ever grow and expand, and your
manifold beauties of nature increase
instead of diminish, with their man-
made improvements!To the visitor of the Gulf Coast
Section, no thing is more noticeable
than the grand scale upon which
everything is constructed. Her most
excellent chain of concrete highways,
her seawalls, her docks system, her
grand bays, gulf and sounds, her en-
less forests, inexhaustible resources,
big herds, big crops, big men, big
possibilities, and big aspirations are a
constant source of wonder and
amazement. Expecting to find a
land of dreamy, slow-moving peo-
ple, low swamp lands, and dilapidat-
ed buildings, he is amazed at her im-
mense factories, commerce, flourish-
ing fields, fleets of ships, cultured
homes and advanced civilization.When the big business man grows
weary in the pursuit of his chosen oc-
cupation, and longs for some excep-
tional spot, where he may rest, re-
create, and think it all over—it is the
object of the American Riviera Re-
view to direct his tired foot-steps to
such a spot, to the "Oasis of the Na-
tion," "The American Riviera." The
name "Oasis" is suggestive of a sur-
rounding desert, but not so intended
here; it has only a relative signifi-
cance. There is no desire to depre-
ciate the rest of the nation in thus
designating this the haven of rest,
conviviality, and lemon-flavored
excellence by comparison.An oasis is a place of peace and
plenty of green grass and shady
trees, of refreshing waters, and birds
and bees, of rest and recuperation
for the weary traveler. The "Amer-
ican Riviera" would be an oasis in the
sunny valleys of California, on the
vine clad slopes of the European Ri-
viera, or in any country, for that mat-
ter. Whether you are a globe-trotter
in search of recreation and adventur-
e, or an invalid from the frigid North,
seeking a change of climate,
and rest and recuperation from the
extremes of the Northern winters, or
the ordinary "bird of passage,"
drifting southward to the sunny lands
of the Montezumas, you will here find
satisfaction for all he wants of soul

GRAVELING KELLER AVENUE

The city street department is en-
gaged in placing gravel on Keller
avenue. This avenue is a long block
in distance and the gravel now being
placed on it is considered quite an
improvement by the residents of this
street.MESSAGE TO 4H CLUB
GIRLS OF THE COUNTY
FROM MISS MAMIE O'DOMShort Course July 17, 18, 19 at St. Joseph's Academy,
Bay St. Louis—Annual Event For County Club GirlsAll girls of the county clubs are
urged to attend the short course at
St. Joseph's Academy, this city, Ju-
ly 17, 18, 19th.Miss Mamie O'Dom, county dem-
onstration agent is enthusiastic over
the prospect of a most successful ses-
sion. She asks, girls, are you ready
for the annual short course?Don't let anything deprive you of
this course. A special educational
treat in store on the last day. Lots
of work under specialists. Plenty of
fun and recreation additional will
feature the program.Forty-eight extension directors in
48 states recently voted, without a
dissenting voice, that 4-H club work
is of sufficient importance in the
United States to warrant its further
substantial development. It is seen
that club work builds men and wo-
men. It is a vitalizing factor in ag-
riculture and the rural home. It
sends back into the schools and on to
college many boys and girls who are
drifting. It trains in that great hu-
man need of all people, and especially
farming people, the art of coopera-
tion. It is a new heaven in rural
American life.And now that it has been found
good for the boy and the girl who
take part in it, good for agriculture
and the home, good for the Nation,
the Nation is going to expand it. It
is ready to go ahead. Plans to that
end are now on the way, backed by
more than 20 national farmers' or-
ganizations, without one organiza-
tion, so far as we know opposing it.
Club work is to be expanded so that
at the end of about twelve years we
will have over 1,500,000 boys and
girls enrolled each year in 4-H clubs.
That is just about 23 times as many
as we now have enrolled. We now
have 660,000. If we can enroll that
number annually it will enable every
boy and girl who reaches maturity
and takes up farming to have come
up through the club system and be
better prepared for life's work.It is difficult to realize the size of
any army of 1,500,000 boys and girls
but you can get some notion of the
number when I tell you that if they
were on the march 24 abreast, with
lines 16 1/2 feet apart, walking 10
hours a day, it would take them 11 1/2
days to walk past the President's
reviewing stand once, and the group
would stretch out from Chicago clear
across the state of Illinois to the
Mississippi River and beyond.What does it mean to the nation to
have 1,500,000 farm boys and girls
studying their business, working to-
gether, while they are yet young,
playing their full part in the affairsof the farm and the community, mak-
ing exhibits, demonstrating together,
exchanging ideas, singing together,
giving their club yells together, ban-
queting together? It means much.
"Be'st thou a man diligent in his
business; he shall stand before kings".
The farmer of the future will take
his place with the kings of the earth.
He will have learned in his youth the
great lesson of the ages, that in unity
and work there is strength and
honor. We only dimly see at the
present the future fruitage of 4-H
club work, but we see trained men
and women on the farms of all Amer-
ican homes of culture, men and wo-
men who play their full part in the
affairs of the state and nation, as
becomes those who, working with
soil and sun and rain, create fifteen
billion dollars' worth of wealth with
each recurring season.In Hancock county we are making
a good beginning. Our enrollment of
208 girls forms a portion of the
tremendous national enrollment and
our community organizations are
among the best.Fide of occupation, efficiency in
performance, high standards of liv-
ing, a rich social and intellectual life,
are all an inevitable part of future
rural America, due in no small de-
gree to the high ideals and the inspi-
ration of 4-H club work.All honor to the 4-H clubs, the
boys and the girls, the men and wo-
men, that labor in this field.
Girls, we are counting on you.
Mothers and fathers, we are counting
on you. It takes cooperation you
know. Are you doing your part in
this great work?The plumber rang the bell, and, as
it happened, both the master and mis-
tress of the house came to the door.
As they stood in the hall, the hus-
band, who was very methodical, said:
"I wish, before we go upstairs, to
acquaint you with the trouble."
"I'm very pleased to meet you,
num," said the plumber. "Tit Bits."One name that keeps us guessing
is that of Murphy Cohen, who has
thrown his hat into the ring as a can-
didate for the city commission of
Long Branch, New Jersey.The stout old gentleman rushing
along the platform, just missed his
train, and returned, puffing and
blowing, to be greeted by a porter
with the question:
"Missed your train, sir?"
"No," was the reply, "I didn't like
the looks of it, so I chased it off the
platform!" Birmingham Post.Compare The
Benefits Too!Do you remember the electrical equipment of your home
a few years ago? One light, or at most a single elastar in
the center of the room. No bridge, table or bed lamps. No
convenience outlets and no conveniences such as fans,
irons or table appliances.Then one day to please the wife, you bought an electric
iron and later a bridge lamp and a percolator to surprise
her. Gradually you added to your list of electrical home
helps until today your house is well and conveniently
lighted and properly equipped to reduce the drudgery of
housekeeping to a minimum.After you had used each new piece of equipment or en-
joyed each adde clamp fo ra while it ceased to be a lux-
ury in your mind and you thought of it as a necessary part
of your changing mode of living. In fact, you actually
forgot that you had added a new current consuming de-
vice in your home until you noticed a gradual increase in
your monthly light bill.You cannot fairly compare your electric bills of today with
those of a year ago. The use of household electricity is
increasing rapidly. No one weighs the small increased
cost of operating household appliances, because it is in-
significant as compared to the pleasure and benefit they
bring. However, you should not overlook this new equip-
ment when you are making comparisons with your bills of
the past.You are not only spending more for your household elec-
tricity, your entire standard of living is increasing every
day.Certainly, it Costs More to Live today

BANK EMPLOYEES
SPEND THE FOURTH
IN BAY ST. LOUISHibernia Bank Vacationists
Have Great Day at Bay
Waveland Yacht Club

A great number of vacationists from New Orleans from the Hibernia Bank and Trust Company spent July 4 at Bay St. Louis in a most delightful way, coming over on an early morning train and fully enjoying the many amusements and entertainments arranged for them. For the day the Bay-Waveland Yacht Club was turned over to the party whose excursion was arranged under the auspices of the Hibernia Bank Club.

A parade from the depot to the yacht club began the day auspiciously. Swimming, boating and all types of water sports culminating in a bathing beauty revue were parts of the entertainment. Good music and dancing in the club were a feature.

Throughout the day the outing crowd visited various sections of the city, paying many calls at the drug stores and cold drink stands.

This same group of New Orleans people have spent former outings on the Coast and are ready to come again to the Bay, they said.

Macabees Win Hard Game

The Macabee nine defeated the strong semi-pro Saenger Amusement Company team 10 to 9 at St. Stanislaus Stadium July 4th, before one of the largest crowds to witness a game this season. The game was hard fought and a thriller from start to finish.

The "Bees" will journey to Biloxi Sunday, where they meet the K. S. of that place in their opening game of the season.

Come over with us and root for your "Bees."

Mrs. Adam, 83, Passes Away

Mrs. Marie Madeline Adam, wife of Thomas William Adam, passed away at the home of her son and daughter-in-law, Mr. and Mrs. Philip Adam on Dunbar avenue Monday about 11 o'clock at the age of 83 years. For the past eight years Mrs. Adam had been blind and for four years she had been in ill health. She was born in Dallas in 1845 and for 40 years had resided in Bay St. Louis where she reared a large family which is well known and well connected in this section, and a number of relatives and friends mourn her passing.

The funeral was held Tuesday afternoon 3 o'clock at Our Lady of the Gulf Catholic church with Rev. Patrick McAlpine, pastor of St. Joseph's church officiating, and interment was in the Catholic cemetery.

Surviving Mrs. Adam besides her husband are one daughter and four sons: Mrs. Annette Dambrino, Philip, Emil, Jerry and Alphonse Adam, and a large number of grandchildren and great-grandchildren.

RETURNS FROM SAD MISSION

Mrs. A. G. Pieri has returned home from Belzoni, Miss., where she attended the funeral of her eldest son, Mr. C. Clifton Pieri, whose sudden death occurred recently.

Mrs. Pieri was accompanied there and back by her two sons and five daughters, Mrs. Ben S. Baxter, Mrs. A. Barney Crawford, Mrs. J. Brandt, Mrs. and Mrs. Chester A. Pieri, all of New Orleans, Mr. and Mrs. Warren P. Pieri, of Houston, Texas, Mrs. George L. Seuzeneau and Miss Clio W. Pieri of this city.

TWO WOMEN TO BAY
ST. LOUIS T A K E
FIRST TRAIN RIDE

Group 40 Adults, 33 Children Enjoying Bathing and Breezes at Bay Home

The first party of underprivileged mothers and children to be the guests of St. Louis Daughters at the James Hubert Blank Memorial vacation home at the Bay arrived Monday, leaving New Orleans on the noon train. In the group were 40 adults and 33 children who are enjoying a home beside the Bay at St. Louis. As the party left the city it was found that two of the women in the party were having their first train ride and were highly excited by the experience, crying while the train got under way.

During the summer a number of other groups will enjoy a vacation at this home as guests of St. Margaret's Daughters of New Orleans.

Bay Lumberman Marries

Bay friends are much interested in the marriage June 30, of Mr. Norton Haas, Bay St. Louis lumberman, and Miss Gladys Barrett, daughter of Mrs. Mellie Durrett of Columbus, Miss., the wedding taking place at the Church of Annunciation at Columbus, with Rev. Father Vincent officiating. The altar was beautifully decorated for the wedding with flowers and festoons and many lighted tapers forming a charming cathedral background for the wedding. Preceding the ceremony Mrs. W. R. Sparks soloist, sang, "The Sweetest Story Ever Told," with Mrs. Tom McIntyre organist.

The party entered the church to the strains of Mendelssohn's Wedding March. The bride wearing a traveling suit of navy blue with grey accessories, entered on the arm of the best man, Mr. Stanley Koch of Kilm, Miss. Her maid of honor, Miss Daisy Dawson, Memphis who entered with Mr. Haas, Miss Emma Kline, Miss Jennie Lou Goodson and Miss Edwina Haas were the bridesmaids. Mr. George Curet of Kilm, Mr. Arnold Haas of Slidell, brother of the bridegroom and Mr. Atwell Durrett, brother of the bride, were the ushers. The choir sang Leonard's Mass. After the ceremony Mr. and Mrs. Haas left by motor for a bridal tour of Florida and have returned to Bay St. Louis and are making their home at McLeod. Mr. Haas operates the Haas Lumber Co. and is a promising young business man of this section. The bride, a graduate of Mississippi College for Women, taught at Kilm two sessions and later at Jackson.

Wedding of Interest

A wedding of interest to Coast friends was that of Miss Mildred Ann von Drozkowsky formerly of the Bay, more recently of St. Augustine, Fla., who was married Monday, June 25, at Toronto, Canada to Mr. Arthur V. Price. The wedding was solemnized at the Cliffs, the handsome home of Dr. and Mrs. Frank D. Price of Lake side avenue, the parents of the bridegroom with the Rev. Mr. Wellwood officiating. The wedding took place in the flower garden against a background of stately birches, canna lilies and oriental poppies, beneath an arch of orange blossoms arranged between the two fountains in the east garden which slopes down to the borders of Lake Ontario. The bride was given away by Mr. Robert Graham of Toronto. She wore a bride's gown of white satin and lace with veil of tulle held in place by orange blossoms. She was attended by her sister, Miss Irene von Drozkowsky of St. Augustine who wore a period gown of pale green taffeta and picture hat of pink. Mr. Price was attended by Mr. Wilson Parker of Toronto. After the ceremony a luncheon was served in the house where the rooms were beautifully decorated with pink and white flowers. Mr. and Mrs. Price went to Saguenay for a pleasant trip before going to Ottawa where they will reside. The friendship which developed into matrimony was formed while the bride was connected with the Florida East Coast Railway Company as private secretary to the assistant engineer and while Mr. Price was in Florida as the chief engineer with the Florida Power and Light Company in the northern division.

Much Laughter In "Garden of Eden"

The original Garden of Eden was a place where sin, sorrow and reining were unknown. But, quite recently, humor also was unknown, since so much of laughter is based on the misfortune of others. Certainly comedy is far from unknown in Corrine Griffith's production of "The Garden of Eden," which will be shown here for the first time on next Thursday evening when it opens at the A. & G. Theatre.

This comedy drama, originally a German stage success by Rudolph Bernauer and Rudolph Oesterreicher, was adapted for the star by Hans Kraly, whose adroit handling of fresh situations in Ernst Lubitsch's comedy Talmadge films make his reputation. The story is one of up-to-date society in Monte Carlo, and the experiences of a little unknown singer in "crashing" the social gates. Charles Ray and Louise Dresser head the supporting cast. Lewis Milestone directed.

IN SOCIAL CIRCLES

(By Our Society Editors.)

BRIDGE-LUNCHEON.

Eight players enjoyed a pleasant luncheon at the Hotel Weston Friday that was followed by an interesting game of bridge, the ladies playing on delightfully arranged tables in the lounge. Scores showed Mrs. E. J. Leonhard successful winner of high score and Miss Carrie Lorch of second prize. Those enjoying this afternoon were: Mesdames E. J. Leonhard, Elise Farrandou, John W. Bryan, W. J. Harrington, Ed. Carriere, Henry Stouse and Misses Carrie and Irwina Lorch.

Mr. and Mrs. Spiess, whose villa on the Waveland beach boulevard, is frequently the scene of entertainment was the scene of a two-table bridge Monday evening, to which there were, in addition to the host and hostess and their attractive young daughter, Miss Mary Margaret, Mr. and Mrs. George E. Pitcher, Mr. and Mrs. G. J. Muller, Mr. and Mrs. C. G. Moreau, Dr. C. M. Shipp. The trophies were unusually handsome and well worth striving for, captured by Mrs. Moreau, Mr. Muller and Misses Muller, the latter winning the "cut" prize.

APPOINTED ON COMMITTEE

At the meeting of the Pass Christian Business and Professional Women's Club this week Misses Miriam and Olivia Engman of Bay St. Louis, who recently joined the club, were appointed on the committee to represent the club Sunday on the Isle of Caprice trip which the Gulfport club is tendering the delegates to the national convention in New Orleans who will spend Sunday on the Coast in a national play day.

Among those attending the barn dance at the Pass Christian Yacht pavilion Monday night were Misses Miriam and Olivia Engman and their mother, Mrs. R. C. Engman.

NOTED ON THE MARKHAM ROOF SATURDAY EVENING.

There were almost any number of parties from Bay St. Louis on the Markham Roof Saturday night. In one particular large party were noted Misses Laurin Gex, Olga and Merle Debus, Corrine Gleason, Alice Palanque, Ursula Sanction, Alice Louise Nathan, Charline Akerbury, Willie Belle Fremeaux, Belle Plunkett, Messrs. Laurent Kergosien, E. B. Case, J. M. King, Bryan Russell, Walter Thiel, Elus Burk, Bennie Hillie, Emilio Cue, Harris Love, Joe Collins, Mr. and Mrs. H. U. Canty, Mr. and Mrs. Horace L. Kergosien.

Mr. and Mrs. John Curtis were with quite a party from Picayune, while Mr. and Mrs. C. Wharton Collins were noted at another table with friends, and Mr. and Mrs. Elton Mackie, visiting Mr. and Mrs. Rich and McCarthy at their summer home in Bay St. Louis, were at another table. The roof promises rendezvous for the gay and elite this season.

LADIES' NIGHT FOR ROTARY NEXT WEDNESDAY.

Keen anticipation is keyed for next Wednesday night when Bay St. Louis Rotary will entertain at Harbor Inn, Clermont Harbor, a Ladies' Night program consisting of a dinner dance. Every Rotarian will have his quota of lady guests and it is expected some eighty-odd will be present.

ENTERTAINS AT BRIDGE.

One of the lovely bridge parties of the week-end was that given by Miss Alice Palanque at her attractive home in Waveland last Thursday night entertaining a large number of the younger set. Following the bridge delicious refreshments were served by the hostess.

HOTEL WESTON NEW SOCIAL CENTER.

It being the intention of the new management of the Hotel Weston to make it a local center of attraction and to feature every form of social activity, it is already evident that intention is going to be well carried out and patrons are taking advantage of this new lease of life.

Quite a number of gatherings and smaller parties have taken place at the Weston and all during the summer many dinner and card parties will be the order. Manager Jordy is to be commended for his program and the success with which his plans are already receiving.

BRIDGE-LUNCHEON.

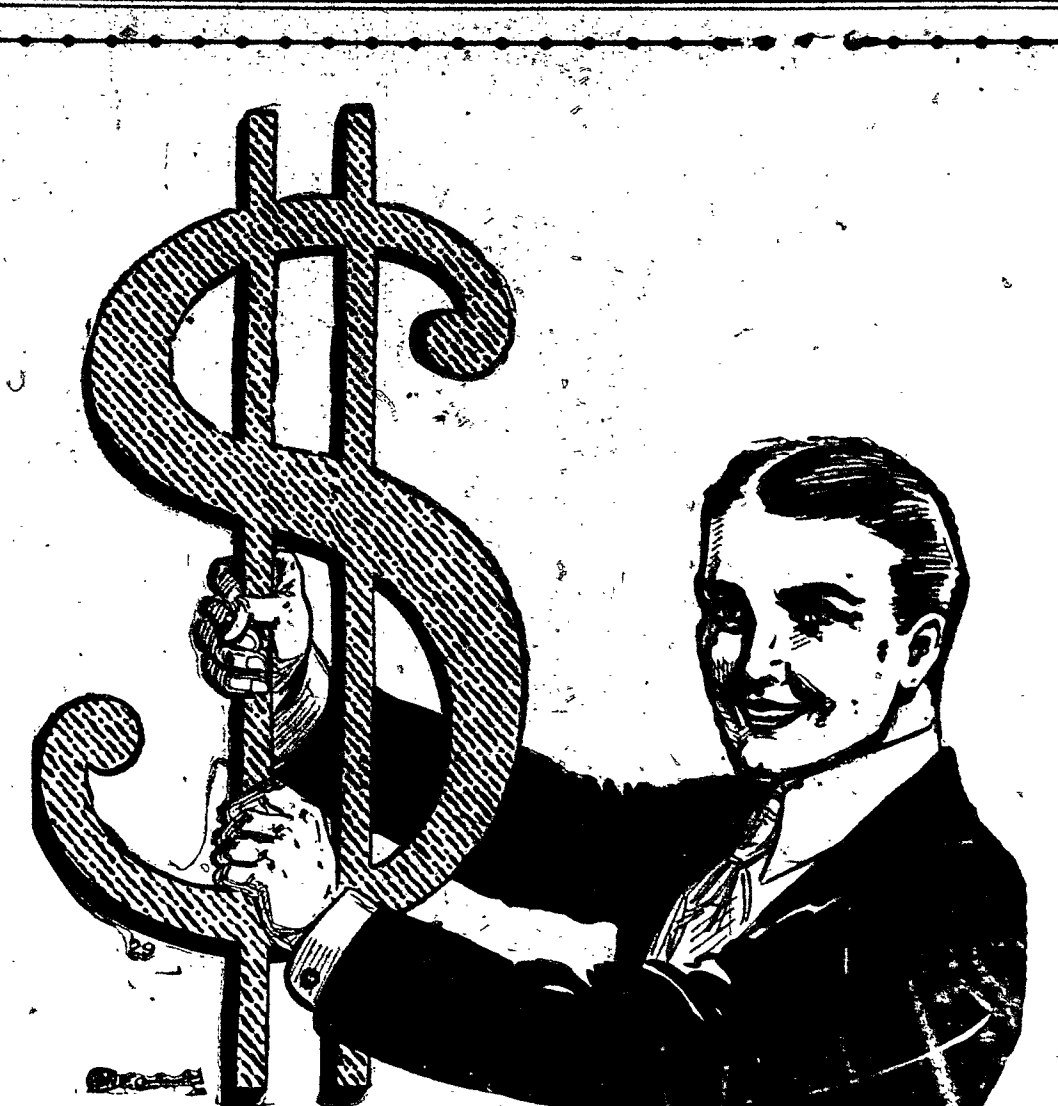

Mrs. Millard Howie of Gulfport was hostess Tuesday afternoon at a special bridge-luncheon at The Answer, complementing seven guests of Gulfport. A daintily served lunch was served after an interesting game of bridge. Mrs. Howie's guests were: Mesdames Charles Huger, Joe H. Evans, C. E. Armstrong, Fred Hewes, Jr., Vassar Anderson, G. W. Middleton of New Orleans and Mrs. Frank Landman. They motored to the Bay for the party.

Among those attending the dance at Pine Hills Club Tuesday night were: Miss Myrl Dubuc of the Bay and Mr. Bentley Byrne of New Orleans.

Included among the guests at The Answer this week were: Mr. and Mrs. R. McWilliams, Mrs. J. T. Taylor of Gulfport, Mrs. Wm. J. Taylor of Greenville, Mrs. G. M. McGlathery of Pass Christian, and Mrs. R. Green of New Orleans, Misses Olive May Moore and Ruth Sherrill of Kentucky and Mr. and Mrs. S. Gosinger of New Orleans.

REVIVING BRIDGE-LUNCHEONS

The Answer was an interesting center of social activities Monday afternoon when Mrs. Orie M. Pollard, hostess, revived the popular bridge-luncheon. A number of the younger set were present for the luncheon served in the always attractive orange and black tea room and the bridge tables had been pleasantly arranged in the spacious rooms of The Answer where bridge proved a happy diversion, played beneath the

HOLD FAST TO YOURS

Spendthrift habits, the pleasures of the day, and being a "good fellow" soon take all your money.

If you are one of this large number, take a banker's advice and QUIT—NOW.

Take some of that money, so easily spent, and start an account in our bank. Add to it regularly. Soon you will get far more pleasure out of watching and helping your balance grow, than you ever got out of spending it. Try this. It is true.
